

Job Title: Project Landscape Architect

Department: Raleigh Landscape Architecture

Date: January, 2018

Position Summary: We are seeking a Licensed Landscape Architect who wants to work on engaging and challenging design projects and is competent in all standard aspects of the practice of landscape architecture. The candidate will perform work requiring independent judgement in design, documentation and construction. The candidate will work with the Project Manager on project plans and specification schedules. The candidate will work collaboratively within a team, but must also be able to function independently. Our studio is entrepreneurial in nature with long-term growth potential.

Responsibilities:

- Works with the project team to develop design concepts and presentation graphics
- Assists with managing the LA project team and project coordination/communication with architecture, structural, civil, MEP and other consultants
- Production of layout, grading and planting plans
- Production of project-specific construction details to resolve complex issues
- Prepares Construction Documents, including specifications

Qualifications:

- Possess and exhibit strong design talent
- Licensed Landscape Architect – Minimum 3 years licensed
- 6 to 8 years of experience in Landscape Architecture
- Demonstrated experience in multi-family, mixed use, urban design and planning sectors
- Proficiency in AutoCAD, Civil 3D, Sketch-up, Photoshop, InDesign, Illustrator and Microsoft Office
- Working knowledge of producing construction document sets
- Excellent written communication and organization skills
- Strong grading and construction details skills
- Ability to coordinate multiple projects and deadlines while working closely with a multi-disciplinary team.
- Desire to mentor junior staff
- Experience with plant materials in Southeast and Mid-Atlantic regions preferred.

Education:

- Bachelor's or Master's degree in Landscape Architecture required from a CLARB accredited school.
- Active registration in current state of residence
- CLARB registered (preferred but not required)
- LEED and Sustainable Sites

Compensation:

JDavis offers a competitive salary commensurate with qualifications and experience and an outstanding employee benefits package.

Qualified candidates should email resume and work samples (Limit to 9mb pdf) to
