

Revit/AutoCAD Technician

JDavis connects communities through design by creating places that bring people, neighborhoods, cities and regions together. It is our mission to create stimulating, functional and sustainable places through a collaborative approach. Our multi-disciplinary practice brings together professionals in architecture, landscape architecture, planning, interior design and procurement management serving the Mid-Atlantic and Southeast regions. Our areas of expertise include multifamily housing, urban design & planning, affordable housing, student housing, senior living, commercial office, mixed-use, retail, clubs and resorts, coastal, parks and master planning. We believe that good design is about making connections between people and places, the natural environment and built environment.

We are presently searching for a **Revit/AutoCAD Technician** for our Raleigh office. This position assists in production and development of interior design projects from design and construction documents through the permit process. This individual uses Revit and AutoCAD to produce detailed design drawings from concept schemes and preliminary design schemes.

Essential Functions:

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Collaborate with designers to convert information into layout designs and drawings using Revit and AutoCAD
- Develop and maintain technical library and resources for the Interior Design studio
- Create 3D models of systems to support design initiatives
- Generate and assist in the production and development of design and construction documents
- Provide technical input within the Interior Design discipline
- Respond to Project Managers and clients in a timely manner

Competencies:

- Technical capacity
- Communication proficiency
- Initiative
- Thoroughness
- Collaborative skills
- Organizational skills
- Relationship management
- Time management

Required Education and Experience:

- Associate's degree in a technical field, interior design or architecture, or related experience
- Two or more years of experience in preparing Revit/CAD drawings in architecture, interior design, or construction
- Experience in InDesign, Photoshop and Sketch-Up preferred

COMPENSATION & BENEFITS

JDavis offers a competitive salary commensurate with qualifications and experience and an outstanding Employee Benefits Package to promote wellness, work/life balance and financial security for our valued team including:

- Medical and Dental plans
- Paid vacation, personal days, sick days and holidays
- 401K plan

Qualified candidates should email their resume to JenniferC@jdavisarchitects.com.

*JDavis is an equal opportunity employer and values diversity.
All employment is decided on the basis of qualifications, merit and business need.*
